Statement of intent

At Coombe Hill Infant School and Coombe Connections we will support pupils to eat healthily and keep hydrated while in school. We also aim to teach pupils to make healthy food and drink choices using the curriculum and to reflect these principles in the school's food menu and cooking provisions.

We acknowledge the important connection between a healthy diet and a pupil's ability to learn, concentrate, and achieve high standards in school. We are, therefore, committed to promoting a lasting healthy lifestyle for everyone.

As part of our healthy eating and living campaign, our catering will uphold the highest standards of quality, nutrition and cleanliness; adhering, without exception, to food standards and legal obligations. As such, this policy has been implemented to help staff and parents deliver consistent messages to pupils, enabling them to develop a positive and independent approach to a healthy lifestyle.

- Putting measures in place to ensure the school meets the requirements of the School Food Standards and other related legislation, such as Natasha's Law.

3. Our aims

The school will adopt the following aims:

- Integrate a whole-school ethos towards healthy eating; therefore, helping both staff and pupils to perform well, concentrate better and improve general wellbeing.

- Encourage fluid intake and help pupils keep hydrated, maintain concentration, reduce lethargy, and learn effectively.
- Inform staff and parents which provisions are permitted in school and to ensure they can effectively monitor what pupils are eating.
- Encourage staff to participate in our healthy eating ethos and act as role models to pupils.

4. Healthy eating statement

The school will use healthier cooking methods to contribute to healthy eating, such as the following:

- Using less fat in cooking

The school will adopt a healthy eating strategy and embeds its principles throughout the curriculum.

5. Drinks

The school will teach pupils the importance of drinking plenty of fluids and how hydration helps contribute to effective learning, good health and improved physical performance.

The school will provide safe drinking water throughout the school day. This will be available via:

- Drinking fountains around the school.

- Water jugs placed on dining hall tables.
- Taps labelled 'drinking water'.

Staff will have access to drinking water via a water cooler in the staff room.

The school will encourage pupils to consume extra fluids on hot days and during and after physical activity, e.g. PE and sports days.

Pupils will be encouraged to bring bottled water with them to school. Pupils will be permitted to refill water bottles via taps labelled drinking water during the school day.

The school will not permit fizzy drinks in bottles or cans on the premises at any time. These items will be confiscated by staff and returned to the pupil at the end of the school day.

The school understands the importance of healthy development for pupils under the age of five in an early years setting. In line with the [Nursery Milk Scheme](#) set by the Department of Health and Social Care, one third of a pint of milk will be offered on request, free of charge, once per day, for all pupils.

6. Breaktime snacks

The school will encourage pupils to eat a snack at breaktime. As part of our healthy eating ethos, this will be a piece of fruit or vegetable without added sugar, fat or salt.

In line with the government's 'School Fruit and Vegetable Scheme', a piece of fresh fruit or vegetable is available to pupils aged four to six at morning break time.

School meals will include foods that are naturally rich in vitamins and minerals to support pupils' health and physical development.

The school will provide pupils with drinking water with their meal.

Dining staff will monitor pupils' food intake during lunchtime by allowing them only to leave their table once they are finished eating a suitable amount for the child.

Themed meals and meals served to celebrate festivals, holidays, or religious observances will follow the same standards applied to regular school meals.

School meals will not include more than two portions of deep fried, battered or breaded food a week.
