

## **Coombe Hill Infant School Guidelines for pupils for Live Sessions & Remote Learning**

Dear Parents and carers,

Please help your children follow the school rules:-

### **I will:**

- Show the same amount of respect for my teachers and classmates as I would in the classroom, including listening well and using respectful language.
- Be kind at all times.
- Keep my microphone on mute unless I am asked by the teacher to turn it on.
- Use the 'reactions' button to put my hand up if I want to say something and wait for my teacher's response.
- Engage with the live session, making sure I can be seen by the teacher.
- Make sure there is not any personal information, pictures or items in view while I have my video on.
- Remember that I am not allowed to film the lesson or record any part of it as well as putting this on social media.
- Follow the school's behaviour policy at all times.
- Use respectful language when responding to my teacher on Google/Tapestry
