

Ramadan Paper Decoration Craft

You will need:

- Ruler
- Scissors
- Colourful card
- Stapler
- Holepunch
- String

1) First, cut strips of different colourful card. We measured strips with a width of 3cm, along the length of a sheet of A4 card.

2) You could choose to decorate the strips.

3) Next, choose two strips and line up the ends. They should overlap completely. If you have a decorated side, make sure it faces outwards.

4) Use a stapler to secure the two strips in place.

5) Then, choose the strip you would like to be on the inside of the decoration. Trim this strip by about 3 centimetres. Do **not** cut the other strip.

6) Then, line the end of this trimmed strip up with the end of the longer strip and staple in place.

7) Repeat this step with another pair of strips. You should have two of these shapes.

8) Next, take another strip of card to run down the centre. Bring the top of the two curved shapes together, with the new card strip sandwiched in the middle. Staple in place.

9) This new staple should be slightly lower than the previous staple.

10) Now, line up the two bottom points of the shapes, with the extra strip still in the centre. Choose the right height up the strip to create the bauble shape you wish. When happy with the shape, staple these in place.

11) Then create a hole in the excess centre strip at the top of the decoration.

12) Trim any excess at the bottom of the decoration. Or, you could choose to attach a tassel or beads to elevate your decoration.

13) Thread string through the hole at the top of the decoration. Now you can decide where to hang your lovely DIY decoration.
