

Intent

At Coombe Hill Junior School, our History curriculum is designed to ignite children's curiosity about the past. We are determined that alongside historical knowledge there will be a high focus on the development of specific historical skills through discrete History lessons to ensure children know more and remember more. Pupils are encouraged to think like historians and develop their skills including historical enquiry. There is a strong emphasis on developing children's other skills such as understanding of chronology, making links between prior and current learning, interpretations of evidence and changes within a time and across time periods.

Our Whole School History Journey

Stone Age to the Iron Age

Children learn about the changes that took place in early Britain between the Stone Age, Bronze Age and Iron Age.

**Year
3**

Ancient Egypt

Children continue learning about civilisations across the world. Children learn about Egyptian life, including the importance of the Nile. They plan and make their own shadufs and discover the significance of the pyramids.

Children discuss the reliability of different sources.

**Year
5**

Ancient Greece

Following Ancient Egypt came Ancient Greece. Children study Greek life, democracy and their influence on the western world.
